

ATS: How to view an Emergency Protocol

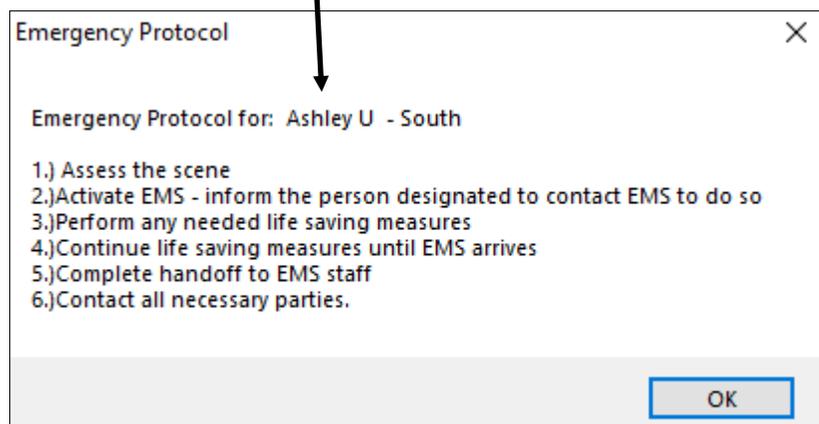

You can view the emergency protocol for your organization in both the Core and the Core Portal

In the Core

Select File—> Emergency Protocol lookup. Then select your organization from the list that appears.

Once you have chosen our organization the Emergency Protocol should appear in a box like what is shown below.

ATS: How to view an Emergency Protocol

| | |
|------------------|-------------------------------|
| Utilities | ▶ Daily Information Entry |
| Athletes | ▶ Hydration Alert Log ▶ |
| Injuries | ▶ Check Out Equipment |
| Notes | ▶ Send Email or Text Messages |
| Modalities | ▶ Secure Messages |
| Rehabs | ▶ My User |
| Limitations | ▶ Current Kiosk/Portal Logins |
| Evaluations | ▶ MSC Forms |
| Medical Services | ▶ Forms & Documents |
| Concussions | ▶ Emergency Protocol |
| | ▶ Online Help |
| | ▶ Email a Question |
| | ▶ Online Video Library |

In the Core Portal

Select Utilities—> Emergency Protocol. Once you have select this you will see the screen below. Choose the Organization in for which you would like to view the Emergency Protocol from the Organization drop down menu.

The screenshot shows the 'Emergency Protocol' page. At the top, the title 'Emergency Protocol' is displayed in white text on a blue background. Below the title, there is a label 'Organization:' followed by a dropdown menu. The dropdown menu currently shows '-- Select an Organization --'. A black oval highlights the dropdown menu, and an arrow points from the 'Emergency Protocol' option in the menu above to this dropdown.

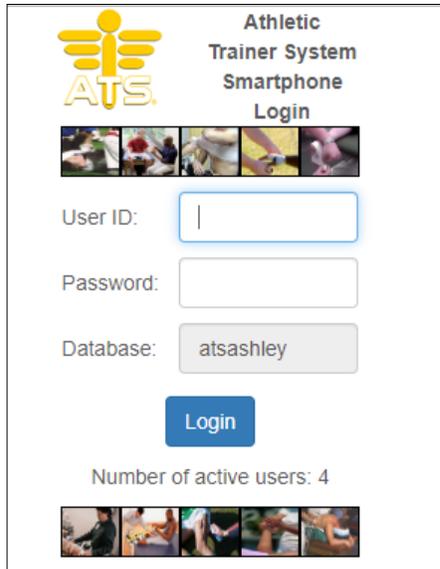

Once you have chosen an Organization the Emergency Protocol should load as is shown below.

The screenshot shows the 'Emergency Protocol' page after an organization has been selected. The title 'Emergency Protocol' is at the top. Below it, the 'Organization:' dropdown menu now displays 'Ashley U - South'. Below the dropdown, a list of six steps is shown in a white box with a blue border:

- 1.) Assess the scene
- 2.) Activate EMS - inform the person designated to contact EMS to do so
- 3.) Perform any needed life saving measures
- 4.) Continue life saving measures until EMS arrives
- 5.) Complete handoff to EMS staff
- 6.) Contact all necessary parties.

An arrow points from the text above to the list of steps.

Database:

Number of active users: 4

The Emergency Protocol is available on the ATS Smartphone module. Once the user (Athletic Trainer or Coach) signs in the emergency protocol icon can be found in the General tab menu. Simply click on the Emergency Protocol Icon and the Emergency Protocol procedure will come up. If you have more than one Organization you can set an Emergency Protocol for each Organization and the Users can select the appropriate one.

To learn how to customize/set up your Emergency Protocols for several organizations click [here](#).
