You may include any type of note with this referral by selecting the appropriate type from the Note Type dropdown. Be sure to save your entry and when you are ready to send the referral click the "Email Provider" button.

The referral will open in the Reports Viewer and you will receive a prompt asking if you want to encrypt the attachment. We recommend you do encrypt but make sure you have agreed on a password with the medical provider prior to sending as ATS WILL NOT save the password.

An email will open with the encrypted referral attached. You may enter any message desired in the email area. Click send when you are ready.
