# ATS—Athlete Info

There are a multitude of different screens, and ways to manage your athlete information. This document is really designed to show you some general way to access, add, modify and manage all aspects of the athlete.

## Add an Athlete:

Use the above menu items or icon to add an athlete to the database. For more details on the process, check out the [Basic User Guide](#). Before adding athletes, you must have teams set up and permission for those teams. Every athlete must be on at least one team, and active. The other required fields will vary depending your System Administrator and what they have made required.

## Search for an Athlete:

After you have entered your athletes into the system, or they have registered themselves through the portal, you can then view, edit or do anything else to the info you need.

The search options, allow you to search your list of your athletes, depending on the option you choose.

The menu allows all of the users to search for athletes

Athlete	Year	Team	Cleared	Player Position	Birthdate	Gender	Email	Phone #	Cell #	Text Msg	Web Date	Kiosk Date	Last Physical	Paper Comp	Cog Con	Phys Exp	CTP Status	Athlete ID

The screen shown above, shows that your list of athletes, could be from a team or the athlete search list. If you maximize the screen, or use the scroll bar at the bottom of the screen you will see all of the information shown here.

# ATS—Athlete Info

## Search for an Athlete:

The Quick Multi-Function allows you to filter the athletes that exist in the database, and see all of their demographic and other information in one place. This keeps you from going in and out of multiple profiles.

It has a search and a team filter at the bottom, as well of several other features, that can aid in efficient entry and viewing of data.

For more specific information and a full overview of the QMF, please check out the [Quick Multi-Function](#) help doc.

The screenshot shows the Quick Multi-Function (QMF) interface. At the top, there is a table with columns: Athlete, Year, Team, Player Position, Cleared, PPWK, CCC, Birthdate, Gender, and Email. The table lists several athletes, including Adams, Leigh Ann; Allen, Shannon; Anderson Jr., Bobby; Anderson, Curtis; Anderson, Gabrielle; Anderson, Roberta; Ant, Adam B; Austin, Steve; Balboa, Rocky; Barnes, Jessica; Bateman, Daniel; Beechum, Claire; Billingsley IV, Don; and Bond, James JJ. Below the table, there are sections for 'Contacts', 'Vaccinations', and 'Alerts/Notes'. The 'Paperwork Complete' section is highlighted, showing a table with columns: Paperwork..., Submitted, Submit Date, Verified, Comment, and Cleared. There are also buttons for 'All Submit', 'No Submit', 'All Verify', 'No Verify', and 'New Paperwork Set'. At the bottom, there is a search bar and a team filter.

If you are a system administrator, or have privileges, you are able to do an a search of all records. This search feature looks through all of the records, no matter where they exist in the system. This search list again is an administrative search.

The screenshot shows the Admin menu with the following items: Site Info, Add/Update Teams & Organizations, Users, Maintenance, Dashboard Statistics, Athlete Security, Drug Testing, Athlete Utilities, Injury Utilities, Scheduling Utilities, Inventory Utilities, Update Athlete Years, Import/Export, Transaction Logs, Data Miner, Injury Analytics Reporting, Search All Athlete Records (highlighted with a red box), Year-End Processing, Combine Athlete Records, Set Required Fields, and Custom Reports.

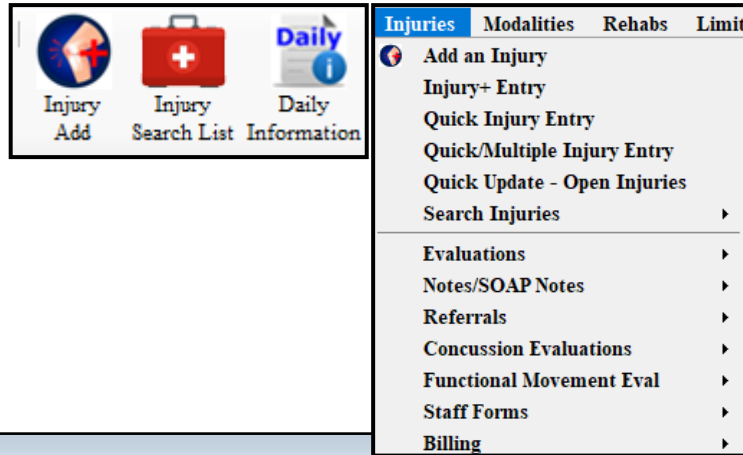

The screenshot shows the 'Choose the ATHLETE...' search window. It has a search bar and a 'Search' button. Below the search bar, there is a list of athletes with their names and birthdates: Adams Leigh Ann (09/06/2009), Allen Shannon (05/16/1999), Anderson Bobby (05/10/1994), Anderson Curtis (05/01/1988), Anderson Gabrielle (05/01/1988), Anderson Roberta (12/12/2000), Ant Adam B (09/01/2000), Austin Steve (03/19/1992), and Balboa Rocky (07/20/1990).

This search will again, show you anyone that exists in the system. If they happened to get on the purge list, if they get taken off a team, no matter where they are. If they do not show up on this search their record does not exist.

# ATS—Athlete Info

## Injury Screens/Tab:

The injury tab contains all of the information regarding the athletes injury history, current/resolved. Within the tab, you are able to tie any of the tabs in the injury screen to the athlete. You can both view and edit/add entries by double clicking the desired entry or clicking “new” on the right side of the screen.

The screenshot shows the 'Athlete - Bateman, Daniel' profile. The 'Injury' tab is selected, showing a table of injury records. A yellow callout box points to the tabs above the table, and an orange callout box points to the right-hand side of the screen. A 'Show All' checkbox is also visible.

Injury Date	Status	Body Part	Injury Type	Side	Athletic Trainer	Report Date	Docs	Description
11/16/2020	Current	N/A	Maintenance	N/A	Joe Streckfus	11/16/2020	<input type="checkbox"/>	Default Injury
7/29/2020	Current	N/A	Maintenance	N/A	Joe Streckfus	7/29/2020	<input type="checkbox"/>	Default Injury
7/21/2020	Current	N/A	Maintenance	N/A	Joe Streckfus	7/21/2020	<input type="checkbox"/>	Default Injury
7/18/2020	Resolved	Ankle	Medial (Deltoid...)	Left	Joe Streckfus	7/20/2020	<input type="checkbox"/>	
7/16/2020	Current	Head/Face	Facial Lacerat...	N/A	Joe Streckfus	7/16/2020	<input type="checkbox"/>	

Use the tabs above to navigate through the corresponding areas.

Enter information utilizing the buttons on the right hand side of the screen. The tabs you see, may vary depending on the configuration of your database.

Description of the injury area tabs:

**Injuries:** allows you to enter new injuries, resolve the injuries that are no longer. You can manage all of the details of the injury from here.

**Modalities:** allows you to enter modalities for the athlete and the injury.

**Rehabs:** allows you to enter rehabs for the athlete and the specific injury.

**Limitations:** allows you to enter the practice and game restrictions for the athlete.

**Services:** allows you to track services that have been taken done for the athlete, dr visits, appointments.

**Referral:** similar to the med services, but allows you to send referral letters to you medical providers.

**FM Eval:** allows you to do full functional movement evals for the athlete.

**Injuries:** evaluation tab allows you to do an exam with the prebuild evaluation tool.

**Cost Log:** allows you to track expenses associated with that athlete, dr. bills; payments and disbursements.

# ATS—Athlete Info

## Notes/Staff/Msg:

You are able to enter new notes, or review previously entered notes. You can complete staff forms, for documenting injuries further, if you have those set up. This area is also where the secure messages ( if they are used at your institution) will be accessed and sent.

The screenshot displays the 'Notes/Staff/Msg' interface with three overlapping windows. The top window shows a list of notes with columns for Note Date, Note Type, Comment, and Injury Info. A note from 2/10/2021 is highlighted. The middle window shows a 'Staff Form' with a description field. The bottom window shows a 'Secure Msg' interface with a table of messages and a sidebar with buttons for 'New', 'Details', 'Mark as Read', 'Print List', and 'Remove'. The sidebar is highlighted in red.

## General Information:

The General Tab allows you to see the specific demographic information for the athlete. If available, you can view, change or random generate a password. Manage physical information and all other fields.

The screenshot shows the 'General' tab of the ATS interface. It contains several sections: 'Home Address' with fields for Country, Street, C/S/Z, and Languages; 'School Address' with fields for Country, Street, C/S/Z, and Phone; 'Communications' with fields for Twitter Handle, Cell, and Text #; 'Driver #' and 'Passport #' fields; 'Alt ID' (dannyboy) and 'SS#' (645-79-8521) fields; 'Last Cognitive' (8/ / /) and 'Last Physical' (8/ 1/2020) fields; 'Physical Expires' (4/26/2021) field; 'Signature on File' field; 'Employed' and 'Marital' dropdowns; 'Race' and 'Ethnicity' dropdowns; and a 'Password' field with a 'Force Password Change' checkbox. A 'Copy From' button is also present. The bottom right corner shows 'Kiosk: 7/17/2020 4:45 PM' and 'Portal:'.

# ATS—Athlete Info

## Concussion Evaluation:

The concussion evaluation module in ATS is constructed around the SCAT 5, and contains all part of that exam. Data entered is automatically calculated and totaled when you save. Like every other module of ATS, data is live as soon as it is entered. So starting an evaluation on your phone, means as soon as you save a coworker can access the test and see the results.

This screenshot shows the 'Concuss Evals' tab in the ATS interface. At the top, there are navigation tabs: Injury, Medication, Notes/Staff/Ms, Concuss Evals (highlighted), Medical History, General, Insurance, Emergency, eFiles/Docs/Dates, Additional Info, and Strength. Below the tabs, there are input fields for '# of Concussions' (0), 'Face Mask', 'Mouth Piece', 'Cleared by Neurology Test', and 'Helmet'. A table lists assessment records with columns for 'Assessed', 'Type', 'No Lost Con', 'No Bal Prob', 'SAC', 'Std. BESS Errors', 'Symptom Severity', 'Maddocks', and 'Admin By'. The first row shows an assessment on 10/28/2020 at 11:54, type 'After Game', with 0 symptoms and administered by Joe Streckfus. On the right, there are buttons for 'New', 'Remove', 'Details', 'Print List', and 'Print'. At the bottom, there is a 'Record' navigation bar and a 'Card View' button.

Use the corresponding tabs throughout the concussion evaluation module to complete all aspects of your concussion evaluation. Again, as you save information the numbers will be totaled at the bottom of the screen. These tabs could look different depending on the customization that has been done by the system administrator.

This screenshot shows the 'Concussion Information' module. It features several tabs: Main, Maddocks/Glasgow, Symptoms, Orient/Recall, Concen/Neuro, Balance, Coordination, VOMS, eFiles, Notes/SOAP/Staff, and NCAA/HS. The 'General' tab is active, showing fields for Athlete (Davis, Crash), Injury, Assessed (5/19/2021 3:00:00 PM), Type (Baseline), Admin 1 (Joe Streckfus), Admin 2, and Sport (Joe Tech Men Baseball). There are checkboxes for '+Def Concuss' and '# of Prev Concussions: 0'. The 'Red Flags & Observable Signs' section contains two columns of checkboxes. The 'Red Flags' column includes: Neck pain or tenderness, Double vision, Weakness or tingling/burning in arms or legs, Severe or increasing headache, Seizure or convulsion, Loss of consciousness, Deteriorating conscious state, Vomiting, and Increasingly restless, agitated or combative. The 'Observable Signs' column includes: Witnessed, Observed on video, Lying motionless on the playing surface, Balance / Gait difficulties / motor incoordination; stumbling, slow / laboured movements, Disorientation or confusion, or an inability to respond appropriately to questions, Blank or vacant look, and Facial injury after head trauma. At the bottom, there is a 'Decision...' section with dropdown menus for 'Neuro Exam', 'If the athlete is known to you prior to their injury, are they different from their usual self?', 'Concussion diagnosed?', and 'If re-testing, has the athlete improved?'. A summary section at the bottom left shows scores for Orientation (5), Immediate Recall (15), Concentration (5), Delayed Recall (5), SAC Total (30), Symptoms (22), Symptoms Severity (132)\*, Std. BESS (60)\*, Maddocks (5)\*, Glasgow (15), Balance Exam (30), Coordination (1), Exertion (4)\*, and VOMS. An 'Actions' bar at the bottom contains buttons for Search, New, Save, Remove, Print, and Close.

# ATS—Athlete Info

## Medical History:

The medical history tab, contains a lot of information that pertains to the athlete. You can manage specific physical data, any medical alerts/ref flags/allergies, surgical history and the remainder of the tabs.

Physical Date	Ht	Wgt	BP	Pulse	Respiration	Vision	% Body Fat	BMI	Notes
4/5/2021	5'10	223	120/60	60	9	20/20			

**Physicals:** this allows you to keep track of the basic vitals for the physicals that are done.

**Alerts/Allergies:** view/add/edit allergies, medications taken and other information pertaining to medical history. Creates a banner (shown green/blue lines at the bottom of the screen).

**Vacc/Immune:** allows you to keep track of school required immunizations or, specifically no the COVID vaccine.

**Surgeries:** allows you to keep track of surgeries the athlete has had in one place.

**Drug Test:** track all any tests that have been generated by ATS.

**Sickle Cell/ Staff Eval:** track all any results from SC tests they have had. Also the Staff Evaluation area to complete or review.

**HAL:** Review or enter new hydration logs for the individual athlete.

**Cardiac:** Enter or review any previously entered cardiac testing information.

**COVID-19:** Allows you to track and review any staff entered screening, or do a new staff screening on an athlete. You are also able to enter and review any COVID testing they have had.

**Thera Use:** Serves as an area to track any medical exemptions for using prescribed drugs. This can be the area where you log if your athlete is taking ADD/ADHD medication. The actual exemption notes, physician notes should be attached in the eFile section.

# ATS—Athlete Info

## Insurance:

The insurance tab keeps the records of all of the insurance information that has been entered, either by staff or by the athlete. Pay#=Payor number, which is used to designate primary, vs secondary coverage. You are able to track historical records by using the 99 payor, instead of deleting the information. To add an image, or view the card associated with the insurance record use the details button on the right hand side of the screen.

The screenshot shows the 'Insurance' tab in the ATS system. At the top, there are navigation tabs: Injury, Notes/Staff/Msg, General, Concuss Evals, Medical History, Insurance (selected), Emergency, eFiles/Docs/Dates, Additional Info, Medication, and Strength. Below the tabs, there is a 'Copy From' button and a checkbox for 'Do NOT bill for this athlete'. A table lists insurance records with columns: Company, Type, Pay #, ID No, Group No, Insurance Phone, PCP, and PCP Photo. Two records are visible: one for 'Blue Cross Blue Shield ()' with Pay # 2 and ID No 8523..., and another for 'Blue Cross Blue Shield ()' with Pay # 99. A 'Details' button is highlighted on the right side of the table. Below the table, a detailed view for 'Athlete Insurance - Davis, Crash' is shown. It includes fields for Athlete (Davis, Crash), Company (Blue Cross Blue Shield (Philadelphia pa)), Insure Type (Medical - HMO), Plan (SEcondary coverage), Plan Type, ID # (852369741), Group #, Payor # (1), Policy Start (2/ 1/2021), Policy End (7/31/2021), and Create Date (2/ 2/2021). There are also checkboxes for 'Referral Required', 'Pre-Cert Required', and 'Disable for Billing'. The 'Policy Holder Information' section includes fields for Name (Secondary), DOB, Gender, SS#, Street, C/S/Z, Phone, Policy Holder Relation, and PCP Info. A 'Notes' field is available at the bottom, and an 'Actions' bar contains buttons for View Company, New, Save, Remove, and Close.

## Emergency:

Is the emergency contact information for the athlete. They can add or edit their contact form their portal. If needed, you can add, edit or remove an emergency contact. The person designated at number 1, is the primary emergency contact, they can be granted access to the Family Communication Center. This can also help you identify whom to call in an emergency situation (make #1 who can handle the situation).

The screenshot shows the 'Emergency' tab in the ATS system. At the top, there are navigation tabs: Injury, Notes/Staff/Msg, General, Concuss Evals, Medical History, Insurance, Emergency (selected), eFiles/Docs/Dates, Additional Info, Medication, and Strength. Below the tabs, there is a table with columns: Name, #, Relation, Text Number, Employed, and Employer Name. A record for 'Jim Bateman' is visible with # 1 and Relation 'Father'. Below the table, there are buttons for 'Remove', 'Copy', 'Print', 'Add Existing', 'Add From Reg', and 'Card View'. A 'Record: 1 Of 1' indicator is at the bottom left.

# ATS—Athlete Info

## eFile/Docs/Dates:

The eFile/Docs/Dates area allows you to access all of the documents that are tied to the athlete. Anything that has been uploaded by you or them, any form they have completed, access to the paperwork list( customize that), and when they have been in the system.

## eFile:

The screenshot shows the 'eFiles/Docs/Dates' interface. The 'eFiles' tab is selected and highlighted with a red box. The main area displays a list of documents for the year 2021, organized by month. The columns are Date, Doc Type, and Description. The list includes documents from September, August, and July. A 'Document' sidebar on the right contains buttons for New, Remove, View, Details, Print List, To Excel, - CovScr, and + CovScr. At the bottom, there are navigation buttons (New, Save, Remove, Search, Close) and a Student ID field with the number 74741.

Date	Doc Type	Description
- Yr: 2021		
- M: September		
<input type="checkbox"/> 9/23/2021	0	test
- M: August		
<input type="checkbox"/> 8/17/2021	0	AG Submission Sent
<input type="checkbox"/> 8/12/2021	0	: Plan
<input type="checkbox"/> 8/10/2021	0	: SOAP Note
<input type="checkbox"/> 8/2/2021	0	Email: from Joe Tech to athlete
<input type="checkbox"/> 8/2/2021	0	Text Message: Text Message to athlete
- M: July		
<input type="checkbox"/> 7/30/2021	0	Email Sent: test of pword id - Davis, Crash dinger
<input type="checkbox"/> 7/29/2021	0	Athlete Form: Form Created - 12 College Sickle Cell with video Trait Verification Waiver Form
<input type="checkbox"/> 7/29/2021	0	Athlete Form: Form Updated - 18 Concussion Symptom Diary
<input type="checkbox"/> 7/29/2021	0	Athlete Form: Form Created - 18 Concussion Symptom Diary
<input type="checkbox"/> 7/28/2021	0	Athlete Form: Form Created - Mental Health Screening

The eFile screen above shows you all of the communication, documents and forms that are tied to the athlete. Emails that have been sent also have a record here.

## Paperwork:

The paperwork tab allows you to view the list of paperwork items that you have constructed. See the [Forms](#) help doc.

This list can be visible to the athletes.

The list can automatically check off as submitted if you go through the crosswalking; described in the form doc. You can see the date it was submitted.

Verified is for staff use after checking the forms.

The comments are also visible to the athlete as well. If they need to have a parent sign, a clearer copy of their insurance that can be posted to view.

The screenshot shows the 'Paperwork' tab selected and highlighted with a red box. The main area displays a list of paperwork items with columns for Submitted, Submit Date, Verified, and Comment. The list includes Baseline Concussion, COVID Screening, Insurance Card Back, Insurance Card Front, and Participation Form. At the bottom, there are navigation buttons (Reset, Print, All Submit, No Submit, All Verify, No Verify, New Paperwork Set) and a Student ID field with the number 74741.

Paperwork...	Submitted	Submit Date	Verified	Comment
Baseline Concussion	<input type="checkbox"/>		<input checked="" type="checkbox"/>	
COVID Screening	<input type="checkbox"/>		<input checked="" type="checkbox"/>	
Insurance Card Back	<input type="checkbox"/>		<input checked="" type="checkbox"/>	
Insurance Card Front	<input type="checkbox"/>		<input checked="" type="checkbox"/>	
Participation Form	<input type="checkbox"/>		<input type="checkbox"/>	

# ATS—Athlete Info

## Athlete Forms:

Athlete Forms, provides you the specific details of the athlete form. You can see the submission date and time, as well as the name of the form. You are able to print the forms or send via email from this screen.

Date Created	Form Name	Printed
7/29/2021 8:50:55 AM	12 College Sickle Cell with video Trait Verification Waiver Form	<input type="checkbox"/>

12/3/2020 8:46:40 AM	COVID C 19 Athlete screening # C ~	<input checked="" type="checkbox"/>

## Athlete Portal Date & Login

This area can be one of the more useful tabs in the athlete's profile. This tab/screen gives you the ability to see if the athlete has truly done what they have claimed. If you have someone that claims they submitted their forms, or they went in and verified their contact information; but you are unable to see anything new, or see anything that reflects the changes. This screen tracks when the athletes logged into the system and where from. See if they logged into the kiosk, portal or phone like they had claimed.

As well, it tracks the last time the information was entered, edited or verified on the top.

## Strength:

This tab allows you to enter, construct and design strength training activities for your athletes. Whether it is strength/conditioning sessions designed by the strength coach, or activities for RTP following an reconstructive surgery; and they don't necessarily fit as a rehab exercise. You can design protocols as well in this area.

# ATS—Athlete Info

## Medical History:

Medical History: works the same as the desktop, with all of those associated tabs and information that is available across those. Please see page 7 for those descriptions.

## Injury:

Injury Date	Status	Body Part	Injury Type	Side	Athletic Trainer	Report Date
08/31/2021	Current	Ankle	Anterior Tibiofibular Syndesmosis (High Ankle) SprainPartial or Complete	Left	Joe Streckfus	08/31/2021
08/25/2021	Current	Foot/Toes	Navicular Fracture	Left	Joe Streckfus	08/25/2021

Navigate the injury screen, using the associated add, or edit features to handle the injury information. The tabs here, work just like the desktop, adding the ability to add specific information to that injury. You can also use the same tabs in the regular athlete screen.

If you have one of our secondary insurance partners as your insurance carrier, you are able to submit electronic submissions directly to the company via ATS. Complete the documentation of the injury and use the claim submission button. For more information make sure to check out the secondary insurance information on the help page.

# ATS—Athlete Info

## Modalities:

With all of the add features that will follow, you will have to save the “header” information. It is the information that is required before you are able to add a modality, rehab, limitation, etc.

The modality tab allows you the ability to track the specific modalities the athlete has utilized. The modality screens do allow you to, copy modalities for a day, copy + a specific day or to someone else (copy to) allows you to copy a that modality to someone else, useful if you have two ankle sprains the same time and they will do the same treatment.
