

# ATS— Setting Concussion Evaluations

## Concussion Setup:

ATS allows you the ability to set up six(6) unique concussion evaluations. Your organization can customize what each of the six different names of evaluations and the components of the exam. The Concussion Evaluations are available across all platforms of ATS, the Desktop, Staff Portal, Staff Phone, Quick Med Check.

To begin setting up your concussion evaluations in ATS, you need to go to the Admin Tab—> Site Info—> Dropdown/Popup Lists—> Update Dropdown/Popup Lists. Select Concussion Types from the popup area.

Description	Abbrev	Sort	Active	Last Used
Baseline	Baseline	1	<input checked="" type="checkbox"/>	
Quick Eval	Quick	2	<input checked="" type="checkbox"/>	
Post Game	After Game	3	<input checked="" type="checkbox"/>	
7 Days	Week	4	<input checked="" type="checkbox"/>	
Daily Symptom Check	Symptom	5	<input checked="" type="checkbox"/>	
Game Time	Game Time	6	<input checked="" type="checkbox"/>	

Put the names of the evaluations you are going to do. The database comes standard with Full and Quick evaluation. You may change those if needed to be part of your 6 evaluations.

After building your list of evaluations, you will need to go to Admin—> Site Info, then select Modules.

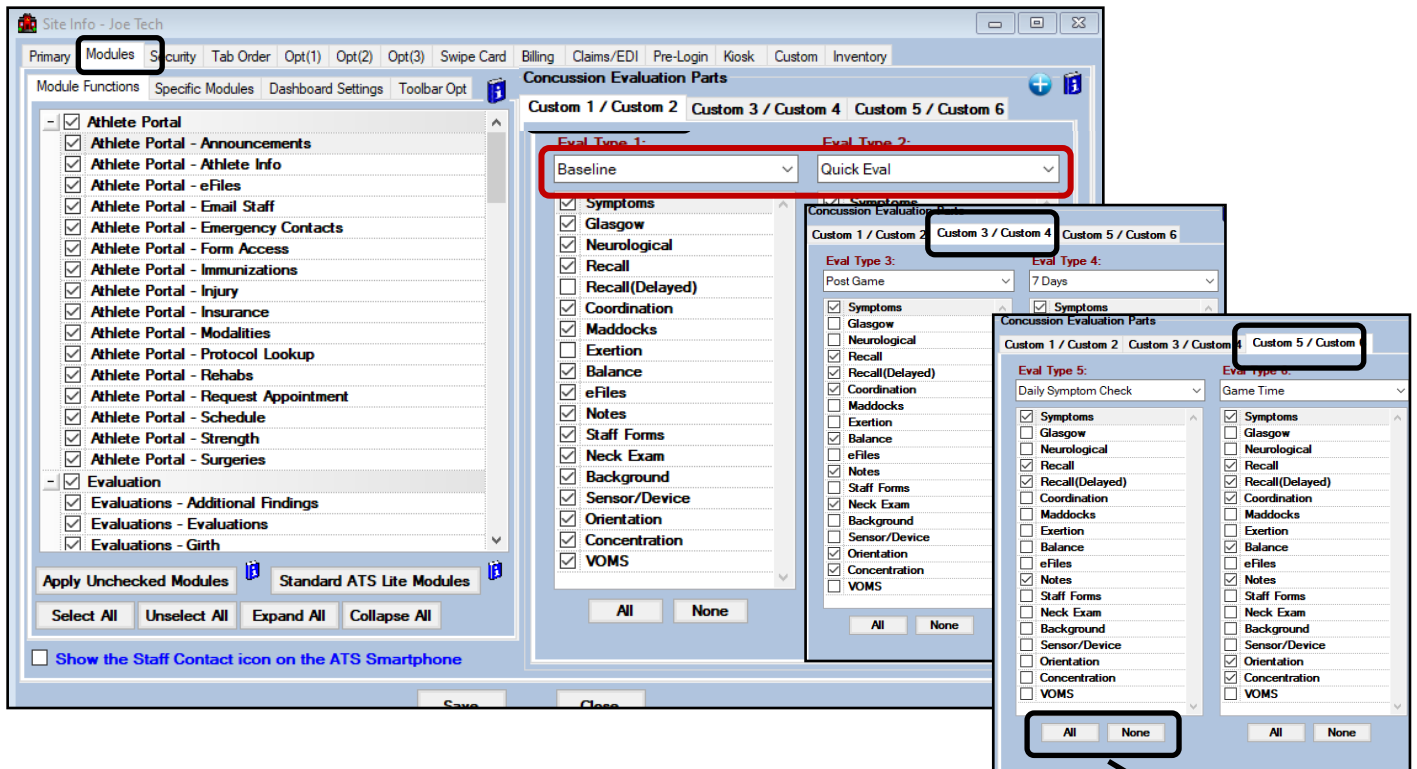

You can also use the blue plus sign to jump to the maintenance list to add your concussion evaluation names.

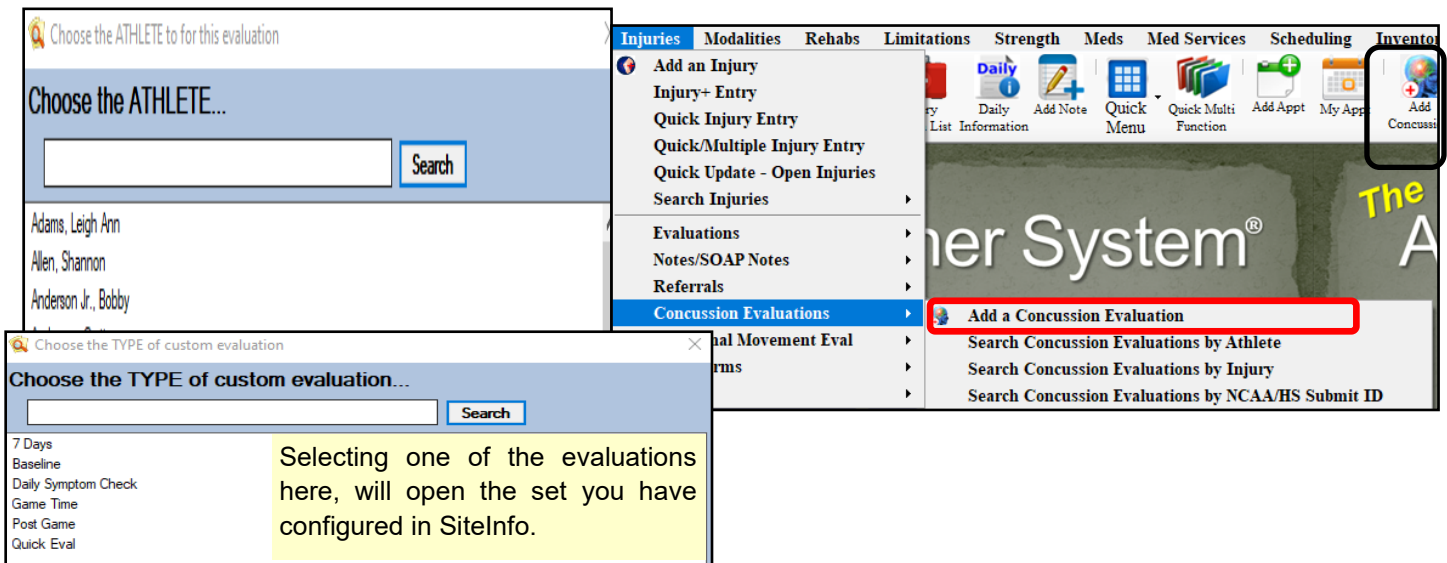

# ATS— Setting Concussion Evaluations

Use the custom tabs, 3, 4, 5, 6 to set up your evaluations as you need. Each of the different evaluations can have their own custom evaluation portions. Enable or disable those as you need, by putting a check mark in the box, or removing the check, beside the component of the evaluation.

You can choose all of the selections by using the all button, or remove the checks to customize what you would like.

After you get the evaluations set, you are now ready to use the concussion evaluation in ATS. Again, you are able to utilize the evaluation component across all platforms of ATS. Choose your entry method, from the screen you choose and begin your entry.

# ATS— Setting Concussion Evaluations

From the ATS Staff Portal you will get to the concussion entry via your preferred method. It will work similarly through the Staff Phone. Choose new and you will be prompted to select an evaluation from the list. It will then load the components of the exam you set in Site Info.

The image shows a screenshot of the 'Concussion' form in the ATS Staff Portal. The form is divided into several sections:

- Concussion Header:** The title of the form.
- Team:** A dropdown menu with 'Joe Tech Men Baseball' selected.
- Athlete:** A dropdown menu with 'Ruth, Baby' selected.
- New or Existing Concussion?:** Radio buttons for 'New' and 'Existing', with 'Existing' selected.
- Existing Concuss:** A dropdown menu showing a list of previous evaluations:
  - 12/27/2021 Post Game
  - 12/27/2021 Post Game
  - 10/05/2021 Daily Symptom Check
  - 05/19/2021 Baseline
  - 05/17/2021 Game Time
  - 12/02/2020 Game Time
  - 07/29/2020 Game Time
  - 07/15/2020 Baseline
- New or Existing Concussion? (Detailed):** Radio buttons for 'New' and 'Existing', with 'New' selected.
